

This is a marketing communication. Please read the prospectus and the basic information sheet before making a final investment decision.

Fund Description

The goal of the fund is to generate equity-like returns in the credit space. In addition to classic parameters such as maturity, credit rating, coupon and yield, market distortions (distortion of the risk/return profile) due to market inefficiencies are actively sought. The fund invests at least 51% of its assets in bonds. The fund is actively managed and is independent of benchmarks.

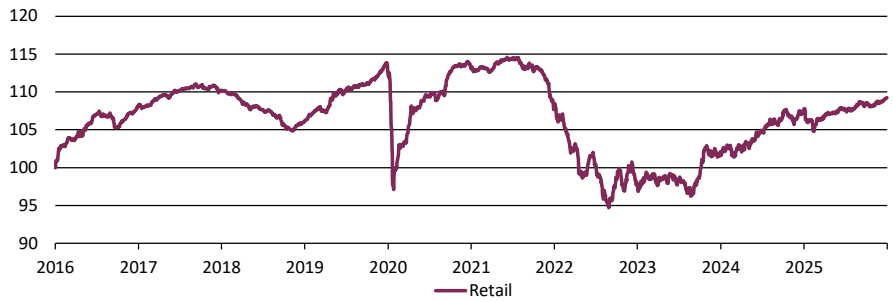

Fund Information

Legal Structure	UCITS V - FCP
Fund Base Currency	EUR
AUM	EUR 23,33 MM
Inception Date	27.05.2013
NAV Calculation	Daily
